**DOCKET NO. 2019-\_\_\_-S**

IN RE: Joint Application for Approval of  
the Sale of Assets and Transfer of  
Facilities, Territory and Certificate of  
Public Convenience and Necessity from  
T.J. Barnwell Utility, Inc. to South  
Carolina Water Utilities, Inc.

T.J. Barnwell Utility, Inc. (“T.J. Barnwell”) and South Carolina Water Utilities, Inc. (“SCWU”) (collectively, the “Joint Applicants”), pursuant to 26 S.C. Code Regs. 103-504 and 103-704, and other applicable rules and regulations, jointly apply to the Public Service Commission of South Carolina (“Commission”) for approval of a sale of assets, including sewer facilities, territories, and certificates of public convenience and necessity, from T.J. Barnwell to SCWU (“Application”). In support of this application, the Joint Applicants respectfully show unto the Commission as follows:

1. T.J. Barnwell is a South Carolina corporation that owns and operates wastewater service in Beaufort County.
2. T.J. Barnwell is a “public utility” as defined in S.C. Code Ann. §58-5-10(4), providing sewer service to the public for compensation in certain areas of South Carolina.
3. T.J. Barnwell’s current schedule of rates and charges was approved by this Commission in Order No. 2016-49, Docket No. 2015-201-S, dated January 26, 2016.
4. The four residential subdivisions served by T.J. Barnwell are set forth on the list attached and incorporated herein by this reference as Exhibit “A.”

5. SCWU is a corporation, duly organized and existing under the laws of the State of Delaware and is authorized to do business in the State of South Carolina. SouthWest Water Company ("SouthWest"), a Delaware limited liability company, indirectly owns 100% of SCWU. On a consolidated basis, SouthWest operates water and sewer utility systems serving approximately 152,291 connections in six states. Additionally, SouthWest indirectly owns Kiawah Island Utility, Inc., a public utility providing water and sewer service to approximately 4,174 water and 3,627 wastewater customer connections in Charleston County, South Carolina. A copy of SCWU's certificate good standing in South Carolina is attached hereto and incorporated herein by this reference as Exhibit "B."

6. Joint Applicants seek expedited approval of this Application and a waiver of any requirement for a formal hearing if, after notice, no substantial opposition arises therefrom.

8. The Joint Applicants have entered into an asset purchase agreement (the “Agreement”) dated September 6, 2019 whereby SCWU will acquire the sewer systems, service territories, personal and business property, real property, easements, governmental authorizations (including the certificates of public convenience and necessity issued to T.J. Barnwell by the Commission, National Pollutant Discharge Elimination System permits, and other permits), and certain other property necessary for the operation of the T.J. Barnwell sewer systems. A copy of the Agreement is attached and incorporated herein by reference as Exhibit “C.”

9. The Joint Applicants submit that the sale of assets from T.J. Barnwell to SCWU is in the public interest. T.J. Barnwell no longer wishes to own the utility, and SCWU is a willing buyer with the financial resources to effect the transaction. The public interest is served by having utility ownership committed to operating the utility and investing the necessary capital required for sustainable, efficient operation. Customers will not be materially affected by the transaction, and the transition of the utility ownership will be carefully managed so that any inconvenience to customers is as minimal as possible. Joint

Applicants are meeting with customers to explain the transition and address any concerns they may have.

10. Unless and until a rate adjustment or other rate schedule modification is approved by the Commission, SCWU will operate the subject sewer system pursuant to its current schedule of rates and charges approved by this Commission for T.J. Barnwell in the Commission order previously referenced.

11. If the within Application is granted, all of T.J. Barnwell's sewer customers will become customers of SCWU; T.J. Barnwell will discontinue the provision of sewer service to the public and will no longer have authorized service territories or the related certificates of public convenience and necessity heretofore authorized to them by this Commission. Further, if the Application is granted, the service area that would be authorized to SCWU would be as set forth in the description attached hereto and incorporated herein by this reference as Exhibit "D."

12. SCWU will post a performance bond as required by S.C. Code Reg. 103-712 upon approval of this Application and will comply with the rules and regulations of the Commission.

13. Closing of the Agreement is expressly contingent, among other things, upon Joint Applicants obtaining the approval of the Commission for the sale of the aforementioned assets of T.J. Barnwell to SCWU. No transfer of any assets has occurred, nor shall any such transfer occur, unless and until such approval is obtained.

14. Based upon the foregoing, it is in the public interest that the Agreement be approved.

WHEREFORE, the Joint Applicants respectfully request that the Commission take the following action:

A. Approve the sale of the assets currently used to serve the customers of T.J. Barnwell, including the transfer of sewer systems, territory, certificates, permits, powers, and privileges, from T.J. Barnwell to SCWU;

B. To permit SCWU to operate the sewer systems currently owned and operated by T.J. Barnwell under the schedules of rates and charges currently approved for them by this Commission; and

C. For such other and further relief as this Commission deems just and proper.

Respectfully submitted,

*s/ Charles L.A. Terreni*

satisfaction of the Parties' Conditions Precedent to Closing set forth in this Agreement ("the Closing Date") or at such other time as may be agreed upon by the Parties.

- (a) In addition to the deliveries of documents to be made at the Closing as provided herein, there shall also be delivered the certificates, consents, representations, resolutions, ordinances, agreements, franchises, deeds, leases, and other instructions referred to in this Agreement. At the Closing, each of the Sellers shall deliver to Buyer a general assignment of all rights, title and interest, and such deeds, leases, bills of sale, endorsements, assignment and other good and sufficient instruments of transfer, conveyance and assignments and other good and sufficient instruments of transfer, conveyance and assignment, as shall be necessary to vest in the Buyer good and merchantable title, free and clear of all liens, claims and encumbrances except as hereinafter provided, to the assets to be transferred, conveyed and assigned under this Agreement; provided, however, that deeds and other conveyances of real property (with the exception of any leases for real property) shall be in the form of general warranty deeds. The form and content of all deeds, leases, bills of sale, assignments, documents, and instruments by which any of said assets are to be transferred to Buyer shall be subject to the approval of Buyer. At the Closing, Sellers shall also deliver to Buyer customer lists, maps and surveys of the Systems and all books (excluding minute books), records and other data relating to the assets which are transferred under this Agreement. Simultaneously with such delivery by the Sellers, the Sellers shall take all such steps as may be necessary to put Buyer in actual peaceable possession and operating control of such assets.
- (b) Prior to the Closing, Sellers shall provide to Buyer any and all surveys, title insurance policies, environmental site assessments and geotechnical reports as are in Sellers' possession, or reasonably accessible to Sellers, relating to the Real Property. Buyer shall be responsible for obtaining title opinions and title insurance, at its expense, regarding Real Property, in form and substance satisfactory to the Buyer prior to Closing. If Buyer is not satisfied with any exception to either the title, title insurance policy, or condition of the Real Property, and Sellers are unwilling or unable to cure or correct the same, Buyer shall have no obligation to consummate the sale and purchase contemplated hereby.

Any provision hereof to the contrary notwithstanding, if any action or proceeding questioning the validity of the transfer and conveyance of assets under this Agreement is commenced prior to Closing, Buyer shall be entitled, at its election, to terminate and cancel this Agreement, without Buyer incurring any liability.

#### 4. FURTHER ASSURANCES.

The Sellers shall from time to time, whether before, at, or after Closing, at Buyer's request and without further consideration, execute and deliver such other instruments

of transfer, conveyance, and assignment, and take such other action as Buyer may require to more effectively transfer, convey and assign to and vest in Buyer, and to put Buyer in possession of the Systems, including any property to be transferred, conveyed, assigned, and delivered hereunder. If there are any contracts, rights, licenses or permits, which cannot be transferred effectively without the consent of the other party or parties thereto, and such consent is unattainable, the Sellers will terminate such contracts if terminable, or use their best efforts to assign and convey to Buyer the benefits thereof. The Sellers are not, and upon consummation of the transactions contemplated hereby, will not be, in default under any contract and, to the knowledge of the Sellers no other party to any contract is or will be in default thereunder.

5. **AUTHORIZATION.**

Prior to Closing, each of the Sellers will, by proper action of its shareholders, members, and managers, duly adopt all necessary and appropriate resolutions and/or ordinances authorizing the transactions hereunder and take all steps necessary for their execution. The Sellers will further take all actions reasonably required to obtain all necessary authorizations and consents of third parties.

6. **SELLERS' REPRESENTATIONS, WARRANTIES AND COVENANTS.**

Sellers hereby jointly represent, warrant and covenant as follows:

- (a) **Organization.** TJBU is a corporation duly organized and validly existing under the laws of the State of South Carolina, and has all necessary powers to own and operate the wastewater system at Pleasant Point. HBIU is a corporation duly organized and validly existing under the laws of the State of South Carolina, and has all necessary powers to own and operate the water and wastewater system at Harbor Island. TBG is a limited liability company duly organized and validly existing under the laws of the State of South Carolina.
- (b) **Authority Relative to this Agreement as of the Closing.** Each of the Sellers' signatories to this Agreement has full power and authority to execute and deliver this Agreement and all agreements, documents and instruments referred to herein or contemplated hereby, and the sale, conveyance, assignment and transfer contemplated hereby has been duly authorized by the Sellers in accordance with the provisions of all applicable law; contemporaneously with executing this Agreement, the Sellers shall deliver to Buyer true and complete copies of the minutes of the meeting or meetings of the Sellers at which such authorization was conferred, approving and authorizing the transactions contemplated by this Agreement and these documents shall be attached as **Schedule 6(b)** and neither the Sellers' entering into this Agreement, nor the Sellers' compliance with all the terms of this Agreement, shall violate any mortgage or indenture or bond to which

any of the Sellers is a party or any other agreement or instrument by which any of the Sellers is bound. Except for the regulatory approvals referred to herein, no consent or authorization of any federal, state or local authority or entity is required for the execution and performance of this Agreement by the Sellers, or if such consent or authorization is required, said consent or authorization has been obtained and is evidenced by appropriate certified instruments delivered to Buyer. Upon the execution hereof by the Sellers, this Agreement shall constitute the legal, valid and binding obligation of the Sellers, jointly and severally enforceable against the Sellers in accordance with its terms.

- (c) Title to Property; Absence of Liens, Claims and Encumbrances; Taxes, etc. Each Seller has good and marketable title to its properties and assets comprising the Systems, real, personal and mixed, tangible and intangible, free and clear of all liens, claims, encumbrances and violations, except such imperfections of title and encumbrances, if any, which are identified on **Schedule 6(c)**, and which are insubstantial in character, amount or extent, and which do not materially detract from the value of, or interfere with, the present or future use of the property subject thereto or affected thereby or otherwise materially impair the Sellers' ownership and operation of the Systems. Sellers have good and marketable fee simple title to the Real Property. The Sellers have not received notice of violations of any applicable zoning regulations, ordinances or other laws, or any applicable regulations, laws, ordinances or requirements relating to the operation of the Systems and their properties, and, so far as known to Sellers, there is no such violation, and all assets which are being transferred or assigned to Buyer conform with all applicable ordinances, codes, laws and regulations. The Sellers are either exempt from the requirement to pay taxes of any nature, whether federal, state, or local, or, if subject to the payment of taxes, have paid or caused to be paid all taxes owed by it in a timely manner. There are no audits of any tax liability of Sellers pending before any federal, state or local taxing authority, and to the best knowledge of the Sellers, there is no factual basis for any such audit to be conducted. For purposes of this Agreement, "taxes" means any federal, state, local and foreign income, payroll, withholding, excise, sales, use, personal property, use and occupancy, business and occupation, mercantile, real estate, gross receipts, license, employment, severance, stamp, premium, windfall profits, social security (or similar unemployment), disability, transfer, registration, value added, alternative, or add-on minimum, estimated, or capital stock and franchise and other tax of any kind whatsoever, including any interest, penalty or addition thereto, whether disputed or not.
- (d) Absence of Undisclosed Liabilities. The Sellers are not in default of any contract, agreement or obligation relating to the Systems. Except as set forth herein, the Sellers have no liabilities or obligations about the Systems,

26 9/6/19  
Page 6 of 20

secured or unsecured, whether accrued, absolute, contingent or otherwise, other than current monthly operating expenses. At the Closing, the Sellers will not be in violation of any laws, ordinances, rules or regulations which would materially affect the operation of the Systems. If there should prove to be undisclosed default, liabilities or obligations of the Sellers in connection with the Systems, whether known or unknown to the Sellers, or should the Sellers be in violation of any laws, ordinances, rules or regulations, either the Sellers or the Buyer, in their sole discretion, may terminate and cancel this Agreement; provided, however, Buyer may not terminate the Agreement until Buyer has given the Sellers written notice of such violation, and the Sellers fail to cure such violation within thirty (30) days following Buyer's notice.

- (e) Litigation. As of the date hereof, the Sellers have no knowledge of, and have received no notice of, any litigation, proceeding or governmental investigation pending, or threatened against the Sellers or their properties or operations, or the transactions contemplated by this Agreement arising out of, or about, the Systems, and, to Sellers' knowledge, there is no basis for any such claims. The Sellers have not brought or filed any pending suit or proceeding about the Systems. None of the Sellers is a party defendant to, or subject to, the provisions of any order, decree or judgment with continuing effect of any court having jurisdiction or of any governmental agency.
- (f) Assets. Except as identified in **Schedule 6(f)**, all assets used about the Systems are capable of being used without the present need for repair or replacement except in the ordinary course of business in a manner consistent with the Sellers' past practices. Repairs or replacements not identified by the date of the Closing will be the responsibility of the Buyer.
- (g) Customer Billing. Contemporaneously with the execution of this Agreement by all Parties, the Sellers will provide Buyer with all current customer billing and account information, and will assist in the transitioning of customer billing from Sellers to Buyer.
- (h) Further Assurances. To furnish further assurances of title, execute any written agreement or do any other act necessary to effectuate the purposes and provisions of this Agreement,
- (i) Compliance with Applicable Environmental Law.
  - i. The term "Applicable Environmental Law" shall be defined as any laws, rules, regulations, ordinances, judgments, decrees, codes, orders, injunctions, notices and demand letters of any governmental authority relating to environmental conditions, industrial hygiene, pollution, or the protection of human health or the environment.

- ii. Each Seller represents and warrants to Buyer that, to the best of its knowledge, the Real Property, the Systems, and Sellers are not in violation of or subject to any existing, pending or threatened investigation or inquiry by any governmental authority or any response costs or remedial obligations under any Applicable Environmental Law and that, to the best of its knowledge, Sellers have not failed to obtain any permits, licenses or similar authorizations to construct, occupy, operate or use any buildings, improvements, fixtures or equipment forming a part of the Real Property and the Systems by reason of any Applicable Environmental Law and all of such permits, licenses or similar authorizations are in full force and effect. A list of past notices of violation for each system is attached as **Schedule 6(i)ii**.
  - iii. Each Seller represents and warrants that it has taken all steps necessary to determine and has determined that no petroleum products, oil, hazardous substances, or solid wastes have been disposed of or otherwise released on the Real Property and the Systems;
  - iv. Each Seller agrees to notify Buyer if any governmental agency or other entity notifies Seller(s) that the Real Property, or the Systems, may not be in compliance with any Applicable Environmental Laws;
  - v. Each Seller hereby agrees to pay any fines, charges, fees, expenses, damages, losses, liabilities or response costs arising from or pertaining to the application of any such Applicable Environmental Law while the Real Property and the Systems were in Seller's possession, and to indemnify and forever save Buyer harmless from the same. This indemnity shall survive the Closing or the termination of this Agreement.
- (j) Sanctions. Sellers are, and all officers, directors, shareholders or members of Sellers are, in compliance with all anti-money laundering laws related to the prevention of money laundering and terrorist financing in the jurisdictions in which Sellers operates. None of the Sellers is a person that is, or is owned or controlled by persons that are: (i) the subject of any sanctions administered or enforced by the U.S. Department of the Treasury's Office of Foreign Assets Control, the U.S. Department of State, the United Nations Security Council, the European Union, Her Majesty's Treasury, or other relevant sanctions authority (collectively, "Sanctions"), or (ii) located, organized or resident in a country or territory that is, or whose government is, the subject of Sanctions.
